BARISTAS LIQUID SUGAR FOR THE BEST COFFEE

Our Baristas Liquid Sugar is made from 100% Australian Raw sugar. Developed to dramatically simplify the whole process whether you're running a busy Cafe or in a catering environment where speed and efficiency is paramount. Because it's sugar you don't need to stir you can now consistently achieve higher levels of customer satisfaction with evenly sweetened hot drinks coupled with the deep natural flavour of raw sugar – all done in a fraction of the time normally taken with regular sugar. Application is easy with our custom designed pump. 1 pump is equal to 1 teaspoon sugar. Replaces the open sugar bowl and sticks at the counter so reduces mess and wastage.

Pump dosage is 7ml = 285 serves per 2L bottle – changing to 6ml in Jan 2016

MINIMUM ORDER OF RAW PRODUCTS IS \$800 OR COMBINE WITH YOUR EXISTING ISM ORDER MINIMUM.
